

Pathway to Future Success:

Schools for the Future Detroit is a fully performance-based high school pathway for students who want to catch up, graduate, and get 100% ready for college. This is possible through motivating curriculum, 1-on-1 technology, and people who will be there for you!

Start Here to Follow YOUR Success Pathway at Schools for the Future Detroit

Academic Classes:

A combination of online and classroom enrichment courses that supports higher order thinking and meets students' interests.

Learning Quests:

Earn credit through student created projects or presenting information learned outside of school, in the community or workplace.

Work from a personalized learning plan and earn credit by showing what you have learned.

PACT:

Your voice matters! Earn credit exploring your opinion on education and career pathways.

Earn credit by developing meaningful relationships with academic advisors and learn the skills of successful college students.

Professional Workplace:

Student interest based internship opportunities, leading community service projects, and learning professional workplace habits.

Access to your online courses 24/7 and learn to be an expert in computer skills.

Prepared for College:

Visit college campuses, earn college credit in high school, then get matched and accepted to the college right for you!
